An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin West on 5-25-04.

The application has been amended as follows:

Claim 1, line 4-5, deleted "a groove generally longitudinally disposed therein" and inserted thereof --a tip portion, a shoulder portion and, a groove being formed therein so as to extend longitudinally through the auger from the tip through the shoulder--;

Claim 1, line 8, before "polishing" inserted --cylindrical--;

Claim 13, line 1, changed "a tip" to --the tip being--;

Claim 18, line 1-2, deleted "the mandrel further comprising a shoulder section adjacent to the auger";

Claim 20, line 5, deleted "for";

Claim 20, at the end of line 6, before the "," inserted --, the auger further comprising a tip and shoulder portion, the groove being formed so that it extends

longitudinally through the auger from the tip through the shoulder portion and, the polishing edge formed in a cylindrical portion of the auger--;

Claim 31, line 1-2, changed "a tip" to --the tip being--;

Claim 35, line 1-2, deleted "the mandrel further comprising a shoulder section adjacent to the auger";

Canceled claims 36 and 38-41.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or make obvious a auger portion of a rivet mandrel including a cutting groove extending the length of the auger from the tip through the shoulder including extending through a cylindrical polishing portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
